

Oakebella colours & materials.

A mix of colours and materials create texture, depth and individuality to façades which enhances the streetscape outcome.

Colour palette

The colour palette has been inspired by the rich history of Oakebella as a fertile market garden, its agricultural and equestrian roots and to be harmonious with the Bollard Bulrush Wetland. Selected colours should be consistent with the below.

Roof colours

Roof colours for both metal deck and roof tiles shall be consistent with the below.

Feature materials

Feature materials such as recycled facebrick (or acceptable replicas), Corten steel, recycled/ weathered timber, mini-orb, stone or light weight cladding such as weatherboard are strongly encouraged to help create Oakebella's sense of style.
